tofaník provides a unique personal reading of weak theology and tries to inhabit the gap between it and its founder john d caputo in this distinctive exploration of john d caputo s work tefan tofaník traces caputo s journey of philosophical discovery from his earlier more conventional academic writings to his later almost confessional works of weak theology and his deep engagement with derrida tofaník draws upon caputo s life story to help explain sudden shifts in caputo s thinking offers intricate readings of philosophical passages that have all too often been taken for granted and joins in caputo s effort to find a theology that can be trusted and that does not rely upon dogmatic and hierarchical authority at the same time tofaník subtly disagrees with aspects of caputo s view and turns to the work of antoine de saint exupéry as a way to suggest that one cannot take leave of the tradition of theology as easily as caputo thinks at times the adventure of weak theology reads

like a letter to caputo and to faník's own passion for theology his deep understanding of caputo's work and his gift for writing makes this an immensely appealing book for both admirers and critics of caputo tefan has read my work with extraordinary care and he has done so with a very acute ear for my authorial voice this person whom i impersonate when i write this persona i inhabit in my books i am not sure if this fellow who appears in print is the real me or a put on the one who i really am or the one i want to be either way he only emerges or emerges best of all when i write and tefan had a pitch perfect ear for that voice he didn't miss anything he caught it every time it was important from the afterword by john d caputo

dogmatic form of religion these scholars in turn receive responses by caputo this volume so aims to strengthen the development of radical theology in europe and abroad

the theological turn in continental philosophy and the turn to paul in political philosophy have occasioned a return to radical theology a tradition whose philosophical heritage can be traced to the death of god announced in the work of nietzsche and hegel john d caputo s deconstructive theology and slavoj zizek s materialist theology are two radical theologies that explore what it might mean to pass through the death of god and to abandon this experience as specifically christian radical theology and emerging christianity demonstrates how these theologies are transforming everyday religious practices through an examination of the work of peter rollins and kester brewin two figures at the radical margins of a contemporary expression of western religiosity called emerging christianity the author uses her analysis of all four figures to argue that deconstructive practices can enable religious communities to become part of a wider materialist collective in which the death of god continues to resonate pushing the methodological boundaries of philosophy of religion by examining religious practices as the site of philosophical signification the book challenges scholars and practitioners alike to a new and more demanding dialogue between theory and practice
